

## **The Knights for Life Incorporated Nassau County N.Y.**

In November 2008 a small group of Nassau residents and friends recognized that there was a need for an organization dedicated to informing voters of the anti life voting records of elected officials that are not in favor of “life Issues” in their political beliefs. We also perceived a need for dissemination of information in the pro life arena that is important to stay current on all matters in the life movement.

**Thus, Knights for Life Inc.** was formed with this in mind and we are now on course to be a viable force in the area of life issues. The basic premise of Knights for Life Inc. is that our elected officials should share and uphold the most basic Judeo-Christian values that the United States of America was founded on the Sanctity of **ALL** Human Life. **We are also formally dedicated to the memory of John Cardinal O’Connor.**

Our meetings are open to any Pro Life individual aged 16 and above without restriction. We are also open to all that are not sure of their life position and need education for decision making on the issues to become fully pro life.

The meetings are held on the fourth Tuesday of every month at the Msgr.Delaney hall located at 110 Merritts Road in Farmingdale. The starting time is 7:30 P.M.

**We have an established speaker’s bureau and the coordinator is Frank McQuade at 516-431-6255 for any scheduled event as needed. Our chairman Keith Wilson can also speak at any function and he can be reached at 516-633-1435.**

Any **donations** are appreciated as we are always looking for revenue to continue our pro-life works.

Please include us in your prayers as we look to spread our message far and wide in the aspects of protecting all human life from conception to natural death. We also look to support those that support our message of life in legislative issues and political action when necessary.

On behalf of the unborn,

GOD BLESS,

Knights for Life Inc.  
Nassau County
